To take part in our Substance Use Disorder Clinic, we do ask that you transfer your primary care to us so that we can help take better care of you. In the beginning of the program you will be asked to make weekly visits to the clinic, then spacing them out as stabilization occurs.

At HealthPoint we accept most types of insurance, including Apple Health, as well as no insurance. For people with no insurance a sliding fee scale can be available to you. A Client Services Representative can also help you apply for coverage.
